Build Your Resume
Dreams for Schools will train you in working directly with students to utilize your experience and knowledge in a rewarding and real connection during your mentorship in our programs. Expose K-12 students to STEAM and its possibilities.

Share your Passion
Grow your leadership skills and help prepare future leaders in technology. Your knowledge and experiences will help foster a positive experience with STEAM education and grow the next generation.

Dreams for Schools, a 501(c)(3) non-profit making STEM approachable and accessible for all. Empowering students. Cultivating curiosity. By providing the right tools and experience, we help kids program the future.
