OneOC's experienced staff performs comprehensive screenings to match individuals with nonprofit organizations in need of support, providing thorough monitoring of each individual's service from beginning to end. Your nonprofit organization benefits from the opportunity to take on additional community service hours.

"It has been great partnering with OneOC. The court ordered individuals help the Church with their time and skills and the Church has encouraged them to seek self-improvement. Many of the court ordered individuals are grateful for the opportunity at Calvary Chapel Rancho Santa Margarita, as well as we are thankful for their service."
